Why Won't They Sign?

As of 12:16 pm CST, only 76 of the 535 members of Congress have signed [The Responsible Health Care Reform Pledge](#) being promoted by [Let Freedom Ring, Inc.](#) Here's the pledge:

Responsible Healthcare Reform Pledge

I, _____, pledge to my constituents and to the American people that I will not vote to enact any healthcare reform package that:

- 1) I have not read, personally, in its entirety; and,
- 2) Has not been available, in its entirety, to the American people on the Internet for at least 72 hours, so that they can read it too.

It's simple and straightforward. Read and understand the yoke you are placing around our necks and give us ample time to examine it for ourselves before you limit our choices and place our health care system at the mercy of federal bureaucrats.

Not a single Democrat has signed the pledge! Ask yourself why?

We also need to ask why every Republican hasn't signed yet. Call your Congressmen and Senators and ask what's keeping them from taking this pledge.
