## Who's Dustier and Deader: Hayek or Keynes?

Brian Doherty | October 29, 2010

David Boaz detects ideological bias in the way the *New York Times* uses dustiness and death as an excuse to dismiss economists. Spoiler warning: they seem to respect Keynes more than they respect Hayek.

Of course, both thinkers are very relevant today, though I wish it weren't so in the case of Keynes. This is as good a time as any to drop that famous Hayek/Keynes rap duel video, which is strangely compelling and unembarassing for being a, well, Hayek/Keynes rap duel video. Watch both dead men come to life!
