[Cato Institute launches health care portal](#)

Posted by [TC](#) in [Death of Capitalism](#), [Healthcare](#), tags: [Healthcare](#)

I fear that we’re going to have socialized health care in the next few years. The One is beating the drum pretty hard on this one, and it looks like the [AMA isn’t going to put up much of a fight](#).

It’s important for people to realize what socialized medicine means. The Cato Institute, which always fights the good fight, has a [new health care portal that features their articles on free market health care reforms](#). This is the most important issue we face - more important than TARP or the “stimulus” packages or the auto bailout.

Despite lefties who point to Cuba and France as pinnacles of health care, the United States still has the best health care system in the world. It’s far from perfect, but getting the government involved will go a long way toward pushing it in the wrong direction. Cato’s proposed reforms would do a great deal to improve health care, and their ideas need to be spread far and wide.
