Washington's Foreign Policy Hypochondria

Ted Galen Carpenter, The National Interest

0

AP Photo

The federal government's bleeding of red ink at the rate of \$1.5 trillion a year reinforces the urgency to set policy priorities and prune nonessential programs and commitments.

The Limits of U.S. Aid to Pakistan

Center for American Progress

The U.S. decision to defer nearly \$800 million in counterterrorism funding to Pakistan is the latest turn in a downward spiral of U.S.-Pakistan relations. Given the ejection of U.S. military trainers from Pakistan, ongoing... [more >>](#)

U.S.'s Coming South China Sea Dilemma

Vivian Yang, Asia Times

China's "string of pearls" consists of port and airfield construction projects, diplomatic ties and force modernization. These "pearls" range from the coast of mainland China to the recently... [more >>](#)

How to Avoid a Crisis in the South China Sea

China-U.S. Focus

Is it possible to stabilize security tensions between the United States and China without a breakthrough in political trust? And what can Washington do to convince Beijing of its goodwill on this front, without jeopardizing... [more >>](#)

Tackle the Drift in U.S.-India Ties

Deccan Chronicle

The attempt on both sides to build a durable India-US relationship has been in the making for some 15 years, bringing closer the two "estranged" democracies. [more >>](#)
