

## **Dems want a "push back" on Cato Institute Speaker**

The Wyoming Democratic Party is trying to recruit Cheyenne "progressives" to attend a presentation on the Affordable Care Act by Michael Tanner of the Cato Institute.

The Wyoming Liberty Group is sponsoring the talk by Tanner on Sept. 12 at Little America in Cheyenne. A senior fellow with the Cato Institute, Tanner is scheduled to speak about the dangers of the ACA.

The message on the Democratic party's web site calls on Cheyenne progressives to "push back against the lies and distortions of the ACA." and to "speak the truth to Cato Institute." It asks people who want to rally to contact Democratic party headquarters.

To hear Tanner speak costs \$30 a head, a fee that might hold down the number of progressives interested in the rally.
