Cato Institute produces video: Cops on Camera

By Carlos Miller

The [Cato Institute](#), one of the most respected libertarian think tanks in the world, produced the above video titled Cops on Camera, highlighting some recent cases, specifically the ones in Maryland.

The video also discusses the case of [Aiyana Jones](#), the 7-year-old Detroit girl who was shot and killed by police during a no-knock raid.

It also features a portion of the [HD Net](#) segment in which I had a little tussle with Miami Metrorail security guards.

Also, *Photography is Not a Crime* is up for another South Florida Daily Blog Post of the Month Award, but I need your votes to ensure I win it. Nominee # 3. The post I wrote about our Metrorail Photo Protest.
