

CA Technologies Security Business Chief Michael Denning to Host Keynote Panel at RSA Conference 2011

ISLANDIA, N.Y., Feb. 7, 2011 /PRNewswire/ -- CA Technologies (Nasdaq: CA) today announced that Michael Denning, general manager, Security business, CA Technologies, will host a keynote panel of noted industry experts at the RSA Conference 2011 on Wednesday, February 16, at 3:30 p.m. PT to discuss how companies can make secure collaboration a reality.

The panel, "*Secure, Global Collaboration Made Possible*," will feature Denning as moderator, and panel members from the Transglobal Secure Collaboration Program (TSCP), including Keith Ward, Northrop Grumman; Philippe Laflandre, EADS Corporate Trust Center; Michael Daly, Raytheon; and Tim Brown, CA Technologies. The TSCP is made up of 23 organizations representing technology, aerospace and defense companies, and government agencies. The TSCP's goal is to deliver an open, standards-based framework for secure collaboration and information sharing, regardless of the tools used.

The panel will discuss secure collaboration and the how organizations can share highly sensitive data with confidence, knowing it is protected and the person on the other side of the conversation truly is who they say they are.

Attendees can visit the CA Technologies Booth 1533 to see demonstrations of how its security solutions deliver Content-Aware Identity and Access Management (IAM) and provide the power of K-N-O-W – the knowledge and control over who has access to what, and what they can do with the information accessed across physical, virtual, cloud and mainframe environments.

Demonstrations of its cloud security solutions; identity and role management technology; Web access management and federation management solutions; information security solutions, including data loss prevention; advanced authentication technology; access management for privileged users; and IAM for the mainframe will be featured. There also will be opportunities to win a 2011 Smart Car, Jambox, an iPad™, and an Xbox 360.

CA Technologies will also host a customer appreciation event at Ruby Skye, on February 15 from 6:30 – 10:30 p.m. PT. Customers can obtain VIP bracelets at the CA Technologies booth. CA Technologies also is offering customers a complimentary exhibit hall pass through February 11. To register for the conference, visit www.rsaconference.com and use registration qualification code: SC11CA.
