Governor Weld has an unblemished record of public service. In addition to seven years in the Department of Justice, he served two terms as Governor in Massachusetts, where he was reelected by the largest margin in state history. He cut taxes 21 times, never raised them, balanced the budget, and oversaw six upgrades in the state's bond rating. He signed landmark welfare reform, established public education standards, and was a trailblazer as an early proponent for LGBT civil rights. Governor Weld was ranked the most fiscally conservative Governor in the country by the Cato Institute and the Wall Street Journal.

He and his wife, Leslie, live in Canton, MA. Between them, they have eight children and eight grandchildren.
