[Abdulmutallab Says More al Qaeda to Come, Obama Enjoying Beaches of Hawaii \(video\)](#)

Posted By [Vicki McClure Davidson](#) on December 28, 2009

The al Qaeda threat to the United States is growing. Reportedly, per an ABC report, Umar Farouk Abdulmutallab is only the first of many more terrorists from Yemen planning to come to America to inflict jihad.

And what is President Barack Obama doing for Americans in the face of this imminent terrorism from Muslim

zealots?

Gotta love those gorgeous beaches of Hawaii, when you're not golfing!

From Brian Ross and Richard Esposito at ABC News, [Abdulmutallab: More Like Me In Yemen:](#)

Accused Northwest Bomber Says More Bombers On the Way; Al Qaeda Promises to Hit Americans:

American officials have cause to worry there may be more al Qaeda-trained young men in Yemen planning to bring down American jets.

Umar Farouk Abdulmutallab, charged with the attempted Christmas Day bombing of Northwest Airlines flight 253, told FBI agents there were more just like him in Yemen who would strike soon.

And in a tape released four days before the attempted destruction of the Detroit-bound Northwest plane, the leader of al Qaeda in Yemen boasted of what was planned for Americans, saying, "We are carrying a bomb to hit the enemies of God."

Yemen has become a principal al Qaeda training ground and the accused suicide bomber **told the FBI he was trained for more than a month in Yemen**, given 80 grams of a high explosive cleverly sewn into his underpants, undetected by standard security screening.

"They know that this is a weakness and an Achilles' heel in our airport security system," said ABC News consultant and former counterterrorism czar Richard Clarke.

Law enforcement authorities say tragedy was averted only because the bomb's detonator did not work.

"I think it's very clear it came very, very close," said Rep. Pete Hoekstra, ranking minority member of the House Intelligence Committee. "The explosive device went off, it became an incendiary device instead of an explosive device, which is probably what saved that airplane."

Because of the onslaught of vulgar, left-wing extremist hate comments (often with the F-word, or worse) against Sarah Palin and/or her children, **anti-Palin comments are not accepted for posting**. Don't waste your time trying. There are plenty of liberal blogs and Obama-run media articles out there bashing Palin... post your hate-driven criticisms on one of those sites. **My blog, my rules.**
