Setting the Record Straight on Health Care Reform

By **DCT** | June 27, 2009

The Cato Institute and its scholars, Michael D. Tanner and Michael F. Cannon dissect the president's health care plan point by point in the following video. Please take the time to watch this short video which moves back and fourth between what President Obama said in the ABC New special on health care reform called "Questions for the President: Prescription for America," and the responses by Tanner and Cannon that cut through the double speak coming from the President.

Make sure you tell your friends about this video. For Freedom's Sake.
