[Doug Bandow: Investigate Top Officials, not Just CIA Interrogators](#)

The Obama administration has been nervous about prosecuting Bush officials, lest it be accused of conducting a partisan witch hunt. But Obama has a legal obligation to uphold the law.

Prosecutions of high level officials who planned, authorized and encouraged the use of torture techniques are essential if we are to ensure that this episode of lawbreaking is not repeated.

The Hollywood Liberal is an anti-war, anti republican, from right here beautiful Hollywood California. The Hollywood Liberal loves America, I have traveled to many countries, and have seen first hand how great America is. I want to keep it that way by running Bush, and all his slimy, thieving, con artist, cronies, and henchmen back to whatever hole in Texas they may have slithered out of. I'm not too crazy about Gropenor Ahnold either, so we will try to give him a hard time whenever possible. Check out the site and if you have any comments or suggestions Let me know. Thanks H.L.
