POLICE MISCONDUCT

The National Police Misconduct Statistics and Reporting Project (NPMSRP) was started in March of 2009 as a method of recording and analyzing police misconduct in the United States through the utilization of news media reports to generate statistical and trending information.

In general...

From April 2009 to June 2010

5,986

Reports of misconduct have been recorded

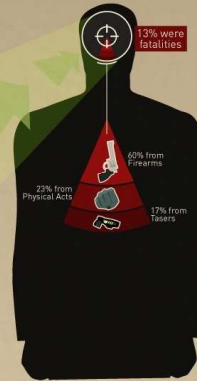

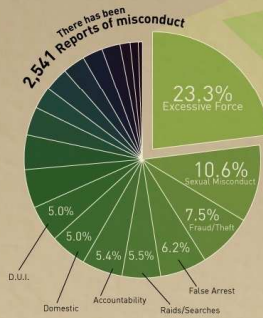

382

Fatalities were linked to misconduct

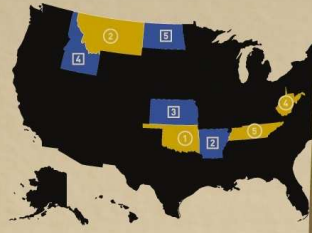

\$347,455,000

Had been spent in related settlements and judgements

In 2010 so far* ...

*From January to June

Misconduct rated by state

Least 5	Most 5
1. Maine (354.35)	1. Oklahoma (2105.26)
2. Arkansas (362.80)	2. Montana (1938.22)
3. Kansas (381.74)	3. Vermont (1839.93)
4. Idaho (446.76)	4. West Virginia (1789.47)
5. North Dakota (490.20)	5. Tennessee (1764.44)

Figures show averaged report projections if every state had 100,000 officers.

Police officer convictions (2009)
