Posted October 14th, 2011 by Donna Martinez

Supporters of big government like to attack free enterprise and free markets as unfair and unjust. It's their way of pushing for more government intervention into personal decisions and choices best left to individuals.

On Monday at the John Locke Foundation, [you can hear how and why capitalism is moral and why and how it creates justice and prosperity](#). Guest speaker Dr. Tom Palmer is Vice President for International Programs at the Atlas Economic Research Foundation and a Senior Fellow and Director of Cato University at the Cato Institute.

The Noon event at JLF in downtown Raleigh is free and open to the public. A boxed lunch is available for purchase, or you're welcome to brown bag it.
