Top Libertarian Scholar: Bush Doctrine working in Middle East

Another prominent Libertarian comes to Pro-Defense side

Peter Ferrara has served as **general** counsel and chief economist at Americans for Tax Reform and an associate scholar of

the Cato Institute for nearly two decades. He is best known for having authored an extensive Social Security privatization plan in 2006, that was favorably received by Republicans in Washington, **including** President Bush.

Now, in what may come as a bit of a surprise to the non-interventionist wing of the libertarian movement, including some of his fellows at Cato, Ferrara is praising the former President on foreign policy.

Excerpt from American Spectator column, "The Bush Doctrine Is *Still* Working," Jul 8:

A central theme of President Bush's **administration** was to promote democracy in the Middle East. He argued that establishing a full fledged democracy in Iraq in the heart of the Middle East would have transforming effects throughout the Muslim World. Even though the promotion of human rights and democracy had been a central theme of liberal foreign policy for decades, the Left ridiculed Bush's policy as

HOMELANDER VALUES

Real libertarians believe in protecting the homeland first and foremost

JOHN CONYERS RECENTLY SAID THAT HE STOPPED THE HOUSE INVESTIGATION INTO ACORN BECAUSE "THE POWER THAT BE DECIDED AGAINST IT." WHO DO YOU BELIEVE THAT PERSON IN POWER WAS?

- Barack Obama
- House Speaker Nancy Pelosi
- Sen. Debbie Stabenow
- MI Gov. Jennifer Granholm
- Chief of Staff Rahm Emanuel
- George Soros
