Nick Gillespie on Stossel Tonight, Talking Government Waste & Redundancy

March 17, 2011

Reason's Nick Gillespie will be on Fox Business' *Stossel tonight*, talking government waste and redundancy as outlined in an incredible [Government Accountability Office](#) report released earlier this month. Gillespie is joined by Rep. Jeff Flake (R-Ariz.) in his segment and other guests on the show include linguist John McWhorter (talking about drug war's racial consequences) and Cato foreign policy expert Chris Preble talking about Defense Department waste.

John Stossel outlines part of the show in [his latest column at Reason.com](#).

The show airs at 10PM ET (note new time) on Fox Business channel.

In January, Reason's Matt Welch talked with Stossel about President Obama's nonexistent budget cuts. Take a look:
