[George Leef responds to Paul Mattick's dismal essay "Capitalism's Dismal Future.](#) ^[1]"

[Thanks to EconLog's David Henderson for pointing out this spot-on essay by Michael Kinsley](#) ^[2] – a writer always worth reading (even though I disagree with him about 80 percent of the time).

[I love Heather Mac Donald](#) ^[3].

Should antitrust regulators harass mobile-telephony providers over fees for texting? [Ryan Young rightly and wisely says "no.](#) ^[4]"

[Here's Cato's Michael Tanner on Obamacare](#) ^[5].

[TARP was no win for taxpayers](#) ^[6] – so argues my friend Paul Atkins and co-authors in the *Wall Street Journal*.

[And here's Pat Michaels on the Chevy Volt – a car that could have been produced by Atlas Shrugged Motors](#) ^[7]. (HT Lyle Albaugh)
