Captain Obama Didn't Slip and Fall into a Lifeboat, but He's Kept the Economy on the Rocks

Daniel J. Mitchell

Jan 30, 2012

People keep emailing and complaining that I must be an Obama supporter since I periodically post critical information about [Romney](#) and [Gingrich](#).

In response, I say that it's my role to simply tell the truth and dispassionately analyze public policy.

But being disappointed in the leading Republicans doesn't mean I'm deluded about Obama and his agenda. This cartoon nicely captures my view of the President's track record.

And if you want something more substantive, this [data from the Minneapolis Federal Reserve](#) shows how Obamanomics is grossly inferior to Reaganomics.

State-of-the-Union Tax Analysis

I've already posted the [Cato Institute's overnight response](#) to the President's state-of-the-Union speech.

Here's the Dan Mitchell pre-SOTU speech to congressional staffers.

I've already had people ask me for the charts I used in the speech.
