American Flag T-shirts

If students had worn French flags on Conco de Mayo, it would almost make sense that Hispanics would be offended (since the battle that Mexico won was against the French). But there is NEVER a reason for an American to apologize for displaying the American flag.

Hey Bomb

Yeah like I need your permission!!!

Don't be insulting Alabamastan like that.

You post a really ignorant post and you expect to be respected? I asked you a question: what was the point of your post? Just to run your mouth?

Typical lib, have to get disgusting when someone points out their stupidity.

Frannie quit spreading the lie

Where's Malkin or Yoo traveling these days?

Shouldn't Michele Malkin and John Yoo be real careful where they travel? Probably won't find them vacationing in Arizona anytime soon, will you?

They definitely don't look like any white folks I know!

By Frannie

Libs just keep repeating a lie they think it'll take hold. You will NOT be stopped just because you are anything other than "white". If you are stopped for a traffic or during a drug investigation, etc. THEN you will be asked for ID and hey, guess what, you already are asked for ID so what is different?

moron

New Mosque

This is sure way to prevent a Muslim terrorist attack - build a mosque where you need the protection.

Soon, there will be a mosque on every street corner.

What a good plan.

I propose a we engage in a new conspiracy. Let's build the new Freedom Tower at the WTC site so that if it ever falls over (for some reason), it will land on said mosque.

Out of Alabamastan and into....Not going there.

Oh goodness gracious. Ms. Joyce M/Blythe, why you poor, frustrated, little thing. Has the publication of Mr.

Negron's plight hit a little too close to home for you? Is your man - or woman - coming up a 'wee bit' too short for your needs? Well, don't worry your pretty, little self, baby. That's why they make sex toys and giant ones at that. Unless you are currently residing in the wonderful state of Alabamastan, why don't you run along and pick yourself a couple dozen. Make sure you include a few of the really FREAKY ones. You sound like you have both the potential and the need to swing that way.

P.S. You never sought, nor did I grant you permission to address me by my first name, Bomb. Show some respect! You may address me as Mrs. Sweet Krak should the need arise. The NERVE of some people out there!

Honesty

Boy, today is the day for honesty. First the government is admits that they are targeting Tea Party activists due to their politics, then the Daily Kos admits that environmentalism is religious dogmatic BS.

So Boortz...

How does it feel to be awake? I hope you do the right thing and stay on the right side of history. In a hundred years I don't want everyone to believe that everyone supported what this criminal government is attempting to do. In a hundred years I want people to remember the time when Patriots stood tall and proud and took back their country from the Globalist usurpers. It is important to remember that while these eugenists do everything in their power to divide us we need to be strong and resolute. This is not a fight that can be won with violence. This is an infowar.

Arizona

I saw on Fox News the other day that Arizona has already lost about 10 million dollars from boycotts since the passage of the bill. My question is will Arizona stick to its guns or will they repeal the law? I honestly dont know because lots of people are planning boycotts, sports events and other events are starting to change venues, and even baseball players are refusing to play for the diamondbacks.

This is just a guess... but I'll go out on a limb and suggest that there aren't any Americans going into Oriental rug stores now, trying to sign up for lessons on how to fly carpets... not land them, just fly them.

Magnifying The Truth...

Hey Boortz it is comforting to know that you actually have something in common with Mr. Negron. It truly takes a small mind like yours to produce the pitiful, little night stick that the two of you share in common. Don't feel too badly though: If you stare at your baby Wadsworth long enough, it might just smile back at you. No go out there and get a load of yourself!
