What others are saying

Add green jobs? at what cost?

A few months ago a study was conducted on Spain's green job movement. Recall that Spain has been on the forefront of this mindless movement since 2000, so much so, that our braindead leaders in the USA were going to use them as a model for us to follow. Well, what have been the results in Spain since 2000??? These were the key points I recall without going back and reading the study:

- for every green job created, 2.2 private sector jobs lost. That means, you create for green jobs, you lose 9 private sector jobs
- 90% of the green jobs created were only temporary jobs. So, you lose twice as many permanent private sector jobs to create one temp green job! Great ratio!!
- this green job crap hindered Spain's ability to react to the financial crisis
- energy costs skyrocketed for consumers
- I think it costs something like 600,000 Euros for each green job created!!!!

This is the plan OBozo wants! LOL! He would've been better off with his original energy plan of "Inflate your tires".

The big question is: how hard does one have to work to be this stupid? Being this stupid can't come natural.

They hate him so much they didn't mention him

I listened to the video of the cheers that Chicago lost the Olympics. It's odd that they failed to mention that the big O didn't get the Olympics.

I guess they knew how racist they were and didn't want to admit that having the Olympics here because of a 'black man' was distressing.

Oh wait, the only group that consistently mentions his skin tone is the left.

Lost listeners??

hmmm...

I must admit I have been tempted to stomp my foot and cry at some things you've said Neal, but I took into consideration that I do agree with 95% of what you say...so I bite my tongue and continue to listen. :)

Norway is the Best Place!

If it's the best place to live, then by extension it is the best place for United Nations headquarters! I have no objection to my tax dollars being used to relocate everything and everyone in the U.N. building to Norway. Heck, I'll even make a personal donation!

Gov't ownership

Was it the gov't that stepped in and forced the bail out? um, think not.

Who paid for those lobbyists the government?

Capitalism finally failed. The system couldn't suffer the abuse.

The government bails the banking industry out and capitalism and now they are bastards for doing it?

Sounds about right to me after we bailed the banks out, the banks proceeded to rip a new A hole into everyone

they could. Makes sense doesnt it?

Ahh greed, nothing is ever enough.

Sounds more like you are taking your marching orders from MSNBC. What else would you expect them to say?

The progressives are guilty of trying to destroy our republic.

As far as being against what they are trying to do, you have to include Pelosi & Company in that group BUT OH NO that wouldn't fit into your "they must be racist" brain cell.

We just want government to stay out of our lives, quit interffering in business so we can start growing real jobs, protect our border, and have a little pride in our nation instead of apologizing all over the world.

That's it! If you can't understand that, not asking you to agree, just understand that the above are the reasons we are against what is coming out of Washington, not just from Obama but from Congress as well, then you just refuse to acknowledge that we have legitimate concerns and you are playing the "game" of race.

'Take Down Obama'

you could see it here on this website after the Olympics were denied for chicago. and i won't get into the comments about health care.

i agree with some and disagree with others. but your labeling the lamestream media as wrong is also wrong.

you must think we are so dumb that we can't even remember what we read yesterday.

why didn't you do this?

Democratic strategist James Carville was hoping for President Bush to fail, telling a group of Washington reporters: "I certainly hope he doesn't succeed."

<http://www.foxnews.com/politics/2009/03/11/carville-wanted-bush-fail/>

<http://patterico.com/files/2009/03/poll-should-bush-succeed.jpg>

but of you don't want portray the republicans doing the same things as democrats, do you?

Its too easy to blame someone else for your party's complete incompetence. Your idiots have complete control of both the house and senate, Because you have a president who cannot do anything constructive without a telepromptor its the fault of everyone laughing at this sad display of government.

Where 3mbw and the rest of his ilk fail to remember their endless slobbering rants against GWB and how the leftist media endlessly trashed him, NOW with the democrats heading for implosion its just like anything else they represent its always some one elses fault.

Fatal Hymn of the Republic

Sung to Tune Battle Hymn of the Republic (needs a little work lol)

Fatal Hymn of the Republic

In the shadow of a Mosque Barak was born across the sea - He learned the love of communism at his Father's knee- He wants to give to others and take from you and me - His agenda marches on
CHORUS -Oh Barak Hussein Obama - Oh Barak Hussein Obama - Oh Barak Hussein Obama -His agenda marches on-

Since he became President he has a brand new hobby - He wants to redistribute like his hero Mugawbe - He looks around in wonder at all that he can fool- as he tries to turn the country into a huge cesspool. His agenda marches on - CHORUS

To wonder why he gets no blame is really not so hard - He either puts the blame on Bush or plays the race

card-

He seems to think apologizing is the best new thing -He doesn't even see a problem bowing to the Saudi King - His agenda marches on - CHORUS- With the tinhorn dictators he has learned how to trump -all he has to do is give them the knuckle bump - Then he goes on TV and gives a little speech- He makes a lot of promises that are totally out of reach - His agenda marches on- CHORUS

He tells the Afghan General's that they will have to wait - He has to take Michelle on a romantic date. Its really more important to make the Olympic bid -It shows he knows what matters more than Bush ever did - His agenda marches on - CHORUS

"Republicans don't care if half the country dies, so long as they take down Obama"

Whatever. Sounds like the child that screams "You hate me!" to his parents when they say something he doesn't like. I'm over the guilt trip bs. Spare me.

Health Database

I'm confused. Why are women who have abortions so concerned about those abortions being a part of a national electronic health database? Why are liberal politicians who are so committed to protecting the right to abort babies so concerned that this act be kept a secret? If there is truly nothing morally wrong with abortion, why the need for secrecy? Aren't people usually only concerned with secrecy for actions they are ASHAMED of?????

Guantanamo

Not surprising that PrezBo is throwing yet another person under the bus for his stupid decisions. But if Feinstein, Harkin and Clinton are so sure that the majority of the prisoners at Guantanamo are innocent detainees, why don't they just split them up and move 1/3 to San Francisco, 1/3 to Des Moines and 1/3 to Chappaqua?

Electronic Medical Record

If you choose not to have an EMR, everything will cost you more so it is to your economic advantage to comply.

If you comply, we will give you a break but you don't have to comply - it is an option.

If your doctor does not want to play, we will charge him more too and then he will pass the extra cost to you.

Two of the exact same procedures will cost two different amounts depending on your level of cooperation.

It reminds me of the trend in hiring practices.

We will give you more money, incentives, tax breaks and special consideration if you hire more minorities and especially minority females.

It is based on the percentage of employees and ethnicity. Bigger percentage of minorities translates to less cost for you.

Every job application now asks for voluntary submission of this information.

They want to know if you are a diversity candidate.

Why, when voluntarily asking the ethnicity question is Hispanic always the first choice? H comes before W perhaps...

If you don't answer appropriately, your application process stops - at least in our HR department. They don't want the grief of having the wrong numbers or percentages.

Taking down Obama

As long as people believe that talk show hosts, whether liberal or conservative, are anything other than entertainers and commentators we will continue to have idiotic statements such as this to contend with. The right pays as much attention to Rush's statements as the left does to the Daily Kos. One of the lefts favorite mantra's is "Rush is Fox News". Those that believe this either do not understand the difference between news and commentary or else they have never watched the Fox News Channel.

Gen McChrystal & B. Hussein Osamabama

As General McChrystal was protecting the interests of the United States of America and that of our brave soldiers, Obama was protecting the interests of the jihadists at Guantanamo.

Typical.

McChrystal or Petraeus would both be strong candidates, minimum for the VP slot, if they publically resign their commission and slam Hussein Osamabama for his indifference to American lives.

marching orders

3m, turn off the strobe light and pay attention.

The only ones who've demonstrated that they are influenced by ANY media bias are liberals and slack-jaws.

I give you Exhibit A. The Office of the President of the United States, held by barack hussein obama.

And as far as taking down obama, he's doing a magnificent job of that on his own - he doesn't need us.

Olympic Narcissism

Too funny! Also sadly true. When I read the transcript I'm pretty sure I threw up in my mouth a little.

He sounds like Julius Caesar accepting the vote of GodHood by the Roman Senate ever so unwillingly...after he threatened them with proscription and death if they didn't. Of course, the afterparty was something else wasn't it?

What a douchebag we have for a president

Taking down Obama

"An MSNBC host says that Republicans don't care if half the country dies, so long as they "take down Obama.""

The conservatives proved conclusivly last week that they don't care about anything or anyone except their vendetta of hate against Obama. As long as Republicans take their marching orders from these conservative talk show hosts, then the entire party stands guilty as well.
