## What others are saying

"Avowed socialist Vermont Senator Bernie Sanders compares climate skeptics to Nazi deniers." Clearly Bernie doesn't know much about history.

Okay. For starters: The English translation for the acronym NAZI is 'National SOCIALIST German Workers Party'

The word is SOCIALIST – which also just happens to be what Bernie Sanders calls himself.

This is the same word that is in the acronym for the old soviet union: Union of SOCIALIST Soviet Republics.

Just make sure for those that are new here:

Merriam-Webster online Dictionary Definition: Socialism:

3 : a stage of society in Marxist theory transitional between capitalism and communism and distinguished by unequal distribution of goods and pay according to work done

Given that the policies that Bernie and the rest of the extreme Leftists of the Democrat party are a hybrid of Socialist and Fascist, the plain fact is that Bernie closest to being a NAZI or:

Nationalsozialistische Deutsche Arbeiterpartei

Again, note the words Nationalsozialistische or National Socialist in there.

Is Bernie a Smoker by any chance?

Recurring themes

It seems like the left can't make an argument against conservatives without resorting to calling us names, trying to marginalize anyone who dares disagree with them and generally dumping on folks who can and will vote against them starting this Fall. Which is actually pretty cool since it means conservatives can spend campaign money in other areas. All this negative press just makes the left look worse than it already did. So go ahead, keep it up! Valerie Jarrett, Robert Gibbs, Bill Clinton, Bill Maher, Joe Klein, Harry Reid...the list goes on. The pundits, the press, the politicians, you're making it so easy for people to turn you off and tune you out. Then when the next election cycle comes and goes, the Democrats will be scrambling to explain that they didn't get their message out and the press will have to break out charts and graphs to show how the next decline of liberalism began...just keep running your mouths, you idiots! And yes, Ivan, I know you hate both parties equally and yes, I know the Republicans have screwed up a lot. But this was supposed to be 'Change' and 'Hope' and a new way of running Washington. So let's kick it back to the other side and in the meantime, get some Libertarian candidates to stand up and stand out. Most of us would be fine with someone who wants to follow the Constitution instead of trying to modify it to suit their needs. I say T-shirt Doc needs to run. But that's just me.

Of course the stimulus increased unemployment

As it says in the article:

"Keynesian countercyclical schemes have never worked in this country, just as they never worked in Japan."
