But what if the Founders lived in a time with nuclear terrorism, mega oil spills, hyper addictive drugs, slave labor globalism, overpopulation, overpollution, government organized cyber crime and companies too big to fail? If the Founders were here today I bet they'd try to solve the big problems that would make Beck call them commies.

How do we solve the big problems without being called commies? 😞

Ask a conservative?

"Solve", Frank. Not "make worse".

Look at all that solving cons did for the last 8 years. And by solving I mean screwing up globally.

I said a Conservative, not a Republican President stamped by a Republican Congress spending like drunken sailors .
Of course, for Democrats, spending like drunken sailors is called being a progressive, or a reformer.

Glenn's their white knight protecting them from the Kenyan menace. It doesn't matter if he attacked a woman on the radio in Phoenix after she had a miscarriage

"he attacked a woman on the radio in Phoenix after she had a miscarriage"? Oh noes !
He can't possibly know anything after having done that ? Did she knock his brains out?
What stupendously, spectacular smear - FAIL

Actually, Frank, the real smear is for you to pretend you are nothing but a troll on the Internet, with neither the smarts nor ability to put together your own blog. 😏

If there was anything coherent in that comment at all, it's that it takes smarts and ability to have one's own blog.
And the name of your blog?
