To Stiles

It is funny how you think you are smart Democrat, but yet you still buy into the false left vs right paradigm and actually fall for the fake rights little tricks. You sir need to wake up and realize you being duped. There is no left or right. In this country there are those that are Pro Tyranny and those that are Pro Freedom. The establishment liberals and neocons represent tyranny. Ron Paul Conservatives represent freedom. There is a very consorted effort out there right now to either co-opt or destroy the Patriot movement. If they are unable to co-opt the Patriot movement via the Tea Parties then they will destroy the Patriot movement by staging violence and blaming it on Constitutionlists. The Federal Government already has the Homeland Security reports calling real Conservatives domestic terrorists. They have already set the stage for shutting down Patriots. Will you let them? You have to remember what is at stake here. Stupid little talking points and mindless back and forth is only going to make things worse.

Andy Stern Clip has Disappeared

Seems the Andy Stern video has been taken down everywhere it's been posted - even at the Naked Emperor News site where it originated. Curious. Union thuggery at work here? It certainly seems odd. Anyone know where I can get that clip?

wealth redistribution

it amazing that neal condemns wealth redistribution when that means wealth redistributing going from the rich going to the poor. but he don't say anything about it when wealth redistribution goes for the poor to the rich. and a matter of fact, this is when you here him say his "wealth envy" claptrap to get people who are discussing it on the defensive and to get the non-thinking people to ignore what there saying.

ROFL...

The White House is making the claim that jobless numbers are gonna be worse because of the snows and whatnot. Why don't they just come out and say it? Why don't they just blame Global Warming or George Bush? These guys are absolute morons of the highest caliber. The real reason the jobless numbers are so high is because off shore bankers and corporations are purposely bankrupting our economy and sending all the jobs overseas never to be seen again. They know that those jobs are never coming back. That is why they are still pushing these "green" jobs. That is all we have left and it is all based on a lie. So we have nothing in the end. Make no mistake we are being dominated.

American's took more in aid than paid in taxes....

It's worse that that, Neal. American's also now owe more per person on the national debt than we take in in the National income. That means that, on average, each American now owes more than he/she earns in a year.

So, now that we have enslaved our children and grandchildren for a year, can we please stop this nonsense?
