Euphemism Alert [Mark Krikorian]

One of my colleagues blogged yesterday about the weaselly evolution of labels for illegal aliens. Just to show how hard it is to keep up with this sort of thing, just today in the *Examiner* is yet another euphemism, courtesy of the open-borders Cato Institute: "non-legal immigrants." There are some other good ones, my favorite being "insufficiently documented persons." If you've run across any original ones — actually used in print or online — I'd love to see them.
