Nancy Pelosi says that we will get government healthcare as a Christmas present. Can I just have my lump of coal instead? At least coal will keep me warm.

Just to remind you how we got into this mess ... here's a bit on [ACORN and our housing bubble](#).

Yet another record breaking fiscal month for our government with [an October budget deficit of \\$176 billion](#).

The Obama administration wants to [use TARP funds to cut the deficit](#).

I've been telling you this for a while but [George Will says it better](#). Our level of spending and our debt level are killing the dollar.

The Obama administration has issued the order to [weed out any Bush political appointees](#).

Ooops. [Here's a blast from the past](#). Obama on the campaign trail deriding Hillary Clinton for her idea of an individual health insurance mandate.

Did you realize that the House healthcare bill includes a 69% increase in capital gains taxes? [Here's how](#).

Could the Democrats manage to implement a [Fairness Doctrine 2.0](#)?

Now we are learning that [officials ordered that documents be shredded](#) in the case of the firing of Inspector General Gerald Walpin.

Major Nidal Hasan proclaimed himself a ["soldier of Allah" on private business cards](#). What a complete failure on the part of our intelligence community .. all because of political correctness.

There are ten states in this country that are [on the verge of economic disaster](#). If I'm not mistaken, nine out of the ten states were Obama states.

This should scare you ... No education secretary has ever had so much money for government school improvement with so few conditions from Congress.

The winner in the war on terrorism is ... China?

A caller had her thong in a wad over this story yesterday: Chuck Norris says that Obama Wants 'To Create a One World Order' at Copenhagen Climate Talks.

This is rich ... ACORN has filed a lawsuit against the federal government, trying to restore its federal funds.

More and more scientists are coming forward to prove that CO2 is not responsible for global warming.

Churches around the world are being asked to ring their bells 350 times during the Copenhagen climate change summit as a call to action on global warming.

A DRT story from Flint, Michigan. I love it! Keep 'em coming.

uuuhhhh, Neal...

That won't be coal in your stocking...it will be dry and hard, but it won't be coal. I hear Nancy Pelosi is trying to get Vince for 'Slapchop' to help sell America on her useless Bill. Maybe the Budlight radio spot guys..."Mr. Pseudo-intellectual-Democrat Strategist..." with the cheesy vocals and the background music. The announcer with the deep voice rambling on about Universal Healthcare and the singer with his chorus chanting "What about the Constitution?" Poor Nancy. Her facial expressions aren't a result of botox...no, it's because she's really as clueless as she looks!

No thanks, people need to tell the National Socialist Democrat Party to stick that "present" up their Optimus Prime where the sun don't shine.

Pfft hahahahahahahahahahaha ok whew. I know your Obama blinders are still intact, but how is it that you haven't figured it out yet? Have you not been reading current events? Were you not around when Bush and Clinton were literally setting all this up for Obama? This is all incremental. Obama is just "the closer". Make no mistake the economy will collapse and the dollar will be ruined internationally. Hell George Moveon.org Soros has even said so. He went to great lengths explaining how they are managing the decline of the dollar. It is funny to hear your comments on this issue cause these people are literally telling us to our faces practically all of their plans. At the
