Coffee, Cocktails and Commentary

Toll of the drug war: 12,000 people killed in Mexico this year alone.

In Montana, "jury mutiny" prevents marijuana case from going to trial.

On the topic of smoking bans and heart attacks, there's really <u>no underestimating the dishonesty of the</u> contemporary anti-tobacco movement.

Beware of disappearing Y-axes.

By some strange cosmic coincidence, my current employer, Metrovino, and my past employer, the Cato Institute, both show up in this CNN article about streetcars. I side with Randal O'Toole on this one. (Also, having formerly worked in Cato's media department, a friendly note to CNN: Cato is not an acronym, stop capitalizing the whole damn name.)

Allison Jones from Lemon Basil took some great shots of our brunch cocktail event at Irving Street Kitchen; two more are coming up in January.

If you're in Portland, the <u>New School New Year's Eve party</u> sounds like it's going to be an epic celebration for beer lovers.
