LAME DUCK CONGRESS [won't create race-based government after all](#). “Good news out of Congress this week (and by good news, I mean they didn't screw things up any more than they already are): The infamous Akaka Bill, which would create a ‘Native Hawaiian’ government for purposes of racial preferences and other unconstitutional goodies, will not be a part of the slimmed-down legislation that funds the government until Congress gets around to passing an actual budget.”
