In the you-heard-it-here-first category, Doug Bandow, in his Tuesday piece on the EU sweepstakes, had Van Rumpuy leading his list of favorites to win today. Better yet was this quote Doug included from a Tony Blair supporter: "God knows what the Americans would do if we got [a] Belgian as European president. They already can't be bothered with us most of the time." Well, as the saying goes, we're about to find out.
